WHEREAS, the Pershing County Board of Commissioners have determined that an increase in the fees charged is warranted based upon inflation and changes in conditions;

WHEREAS, the Pershing County Board of Commissioners have held four public hearings and two public workshops to discuss the changes needed to the previous version of the Festival Ordinance;

WHEREAS, the Pershing County Board of Commissioners heard testimony and comments from: Representatives and Legal Counsel for Black Rock City, LLC (herein "BRC"); Representative(s) for the American Civil Liberties Union (herein "ACLU"); Law Enforcement; Representative(s) for the Bureau of Land Management; Other County Officials; and Other Citizenry;

WHEREAS, the 2004-2011 Festival Ordinance had provisions, requested by BRC, which gave the County discretion in certain matters and presumptively violated the doctrine in Forsyth County and made the ordinance infirm even though those provisions were intended to benefit BRC and were to be applied in a constitutional manner;

WHEREAS, those discretionary items must be removed from the ordinance;

WHEREAS, Pershing County is a large geographic county with a very small population;

WHEREAS, Pershing County has to anticipate the reasonable costs of any Assembly of greater than one thousand people;

WHEREAS, the Pershing County Board of Commissioners have considered various ways to do so;

WHEREAS, the Pershing County Board of Commissioners finds that, as mandated by the statute, a short time period is involved between submission of the application and final approval at a public hearing;

WHEREAS, the Pershing County Board of Commissioners finds that there would be insufficient time to prepare appropriate budgets for the services that are provided and to accurately predict the costs for every possible contingency involved in or associated with holding a large Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that the license fee which is imposed needs to be fair and assessed in a non-discretionary method;

WHEREAS, Pershing County should not have to bear the costs of providing services to an Assembly that is held in the County;

WHEREAS, Pershing County cannot fund the costs for an Assembly and wait until after the Assembly to collect a fee for costs incurred during an Assembly;

WHEREAS, the Pershing County Board of Commissioners has determined that the most appropriate way to determine the cost is to break down the cost by a per person cost for providing services;

WHEREAS, the Pershing County Board of Commissioners find that Pershing County has a population of 5,550 people (this figure excludes the

prisoner population at the Lovelock Correctional Facility for which Pershing County provides little or no services);

WHEREAS, the Pershing County Board of Commissioners find that Pershing County spent an average of four dollars and fifty-seven cents (\$4.57) per day per resident provide governmental services in the fiscal year of 2010;

WHEREAS, the Pershing County Board of Commissioners find that the following offices would likely be affected by an assembly of greater than one thousand people: Sheriff's Office (including the Patrol, Jail, and Dispatch functions); The Fire and Ambulance Services; the District Attorney's Office; The Justice of the Peace's Office; The District Court; The Other Legal Costs

Budget; The Public Defender's Office; The Indigent and Medical Services; The Commissioner's Office; The Clerk's Office; The Recorder's Office; The Planning Department; and the Road Department;

WHEREAS, the Pershing County Board of Commissioners find that the total costs for these departments in the 2011 fiscal year was five million one hundred ninety-seven thousand seven hundred forty-one dollars (\$5,197,741);

WHEREAS, the Pershing County Board of Commissioners find that the average cost per resident in the county would be two dollars and fifty-seven cents (\$2.57) per person per day;

WHEREAS, the Pershing County Board of Commissioners find that the budget for the Sheriff's Office reflects what it costs to provide for only those residents that reside outside the confines of the City of Lovelock;

WHEREAS, the Pershing County Board of Commissioners find that the Trident Task Force also provide additional law enforcement personnel to Pershing County citizens;

WHEREAS, the Pershing County Board of Commissioners find that, given the need to provide county services at any gathering over one thousand (1000) people, such services create an expense and burden on the county that is equal to or greater than the two dollars and fifty-seven cents (\$2.57) per person per day figure because of the remote locations that such events can occur and the logistical problems created by large gatherings due to a lack of personnel and infrastructure;

WHEREAS, the Pershing County Board of Commissioners find that the anticipated costs of providing services to a large gathering would exceed or be equal to the two dollars and fifty-seven cents (\$2.57) per person per day figure provided above;

WHEREAS, the Pershing County Board of Commissioners find that a one dollar and fifty cents (\$1.50) charge per person per day would be a reasonable amount to cover the anticipated governmental costs of covering and providing appropriate and reasonable coverage to an Assembly with more than one thousand people attending;

WHEREAS, one dollar and fifty cents per day is a nominal amount;

WHEREAS, the Pershing County Board of Commissioners find that some events of one thousand people will last less than a full day and that any event lasting less than 20 hours should be charged a pro rata fee based upon actual hours during which the Assembly takes place;

WHEREAS, the Pershing County Board of Commissioners find that, under the Forsyth case, there should be little discretion that is provided in how many law enforcement officers should be required at a particular event;

WHEREAS, the Pershing County Board of Commissioners find that there are eighteen (18) law enforcement officers covering the entire population of Pershing County (excluding the inmate population at Lovelock Correctional Facility which has numerous correctional officers covering the inmates therein);

WHEREAS, the Pershing County Board of Commissioners find that there is one (1) officer for every three hundred eight (308) residents in Pershing County;

WHEREAS, the Pershing County Board of Commissioners find that the following counties provide a minimum number of law enforcement officers for every person in an attendance at a festival:

Churchill County provides that there shall be a minimum of one employee for every two hundred fifty (250) individuals in attendance;

Lincoln County provides that there shall be a minimum of one employee for every five hundred (500) individuals in attendance, in addition to one security guard for every five hundred (500) individuals in attendance;

Lyon County provides that there shall be a minimum of one employee for

every five hundred (500) individuals in attendance;
Mineral County provides that there shall be a minimum of one employee
for every five hundred (500) individuals in attendance;
Nye County provides that there shall be a minimum of one employee for
every five hundred (500) individuals in attendance; and
White Pine County provides that there shall be a minimum of one
employee for every five hundred (500) individuals in attendance.

WHEREAS, the following counties allow for discretion in setting the
number of law enforcement personnel:

Clark County, Washoe County, Carson City, Douglas County, and Elko
County, indicate that the number of law enforcement personnel
shall be set by the Boards of County Commissioners;

WHEREAS, the Pershing County Board of Commissioners find that
hiring additional temporary law enforcement personnel is necessary so that the
limited resources of Pershing County can be best utilized to continue providing
services for which the permanent County personnel are hired and employed;

WHEREAS, the Pershing County Board of Commissioners find that
minimum of one officer for every five hundred (500) individuals in attendance
is a reasonable and an appropriate number of personnel to enforce all state
and local laws and keep the peace;

WHEREAS, the Pershing County Board of Commissioners finds that
Pershing County has a limited infrastructure to provide for large events and
that such events tax a limited pool of resources, personnel, and infrastructure;

WHEREAS, the Pershing County Board of Commissioners finds that
a charge of one dollars and fifty cents (\$1.50) per person barely covers the
costs of employing law enforcement personnel;

WHEREAS, the Pershing County Board of Commissioners finds that it currently costs Pershing County \$30.00 per hour to hire outside law enforcement;

WHEREAS, Pershing County would be required to pay four dollars (\$4.00) for Medicare (.0145), Social Security (.062), and Worker's Compensation (.0424) for the each \$30.00 per hour wage paid for outside law enforcement (in addition to the \$30.00 per hour rate);

WHEREAS, the Pershing County Board of Commissioners finds that a charge of one dollar fifty cents (\$1.50) per day per person would raise one thousand five hundred dollars (\$1500) on an event with a thousand people and it would costs eight hundred sixteen dollars (\$816) to simply employ law enforcement at a standard of one law enforcement officer per five hundred (500) attendees;

WHEREAS, the Pershing County Board of Commissioners finds that in addition to law enforcement personnel salary expenses, the County will incur costs for either renting vehicle and other equipment or for the wear and tear occasioned by the use for the Assembly;

WHEREAS, the Pershing County Board of Commissioners finds and reasonably anticipates any outside law enforcement personnel would need some form of identification, distinctive clothing, and other insignia to identify that they are working for the Pershing County Sheriff's Office;

WHEREAS the costs of such items should be paid from the license

fee;

WHEREAS, the Pershing County Board of Commissioners also find that based upon prior Assemblies, law enforcement often have to spend multiple days prior to the Assembly and multiple days after the Assembly providing services;

WHEREAS, the Pershing County Board of Commissioners finds and reasonably anticipates that the Pershing County Sheriff's Office will incur expenses related to dispatching services;

WHEREAS, the Pershing County Jail will experience costs associated with housing inmates who were arrested at an the Assembly;

WHEREAS, there would be a need to reimburse coverage for transport officers and dispatch personnel;

WHEREAS, the Pershing County Board of Commissioners finds that, based upon the analysis above, it would cost a minimum eight hundred sixteen dollars (\$816) per thousand people in order to employ the requisite one officer per five hundred people without the added expenses of dispatch and the jail and transport of prisoners/inmates;

WHEREAS, the Pershing County Board of Commissioners find that it is reasonable to believe that an embroidered/silk screened shirt and hat (\$15.00), an embroidered/silk screened jacket (\$25.00), an identification card (\$4.00), equipment purchase/usage (flashlights, cameras, etc.,.. (\$30.00)) and per diem (\$6.00 for breakfast, \$6.00 per lunch, and \$12.00 for dinner (total

\$24.00)) for each officer should be considered part of the costs (totaling \$98.00);

WHEREAS, the Pershing County Board of Commissioners finds that a cost for vehicles would have to be anticipated;

WHEREAS, the Pershing County Board of Commissioners finds that a vehicle rental would be required for each officer during the officer's shift (or payment for wear and tear and gas for existing vehicles);

WHEREAS vehicle rentals cost between twenty (\$20.00) and thirty dollars (\$30.00) per day;

WHEREAS costs for vehicle fuel, generators, and vehicle wear and tear are impossible to accurately anticipate due to the vast area within the 6000 square miles of Pershing County and lack of utility infrastructure within certain isolated portions of the County;

WHEREAS, there are other potential costs for traffic control devices and equipment, support staff, training, and other similar costs which would be necessary to properly police any event;

WHEREAS, there would be a need to reimburse coverage for time spent following an event on follow up on any criminal cases that arise out of an event, which would be billed at thirty-four dollars (\$34.00) per hour to cover county expenses;

WHEREAS, there would be a need, based upon the large geography and potential for Assemblies in very remote areas, to be able to rent

equipment necessary to provide services in remote locations;

WHEREAS, the Pershing County Board of Commissioners finds that a minimum total cost of one thousand and forty dollars (\$1,040.00) for law enforcement personnel would be incurred for every thousand attendees (this figure does not calculate additional costs for follow-up investigations and for other personnel which would be needed);

WHEREAS, in 2011, an Assembly was held in Pershing County;

WHEREAS, in 2011, the Pershing County Board of Commissioners insisted that the Pershing County Sheriff keep expenditures at a minimum for the Assembly;

WHEREAS, the Pershing County Sheriff's Office provided twenty-five (25) officers for the an Assembly in 2011;

WHEREAS, the total expenditures for the law enforcement personnel/officers was approximately ninety-three thousand five hundred ninety-eight dollars (\$93,598.12)¹ to employ the twenty-five officers, one coordinating officer, and to pay for various other costs;

WHEREAS, the total expenditures did not include all the services provided in the jail, by dispatch, and by the Sheriff's Office prior to, during, and after the event;

WHEREAS, the total hours spent at Burning Man for law enforcement services amounted to two thousand one hundred twenty three

1 This figure will be updated prior to final printing.

(2123) hours;

WHEREAS, that makes the average officers working per day for the eight day Assembly to be under eighteen (18) officers per day;

WHEREAS, this makes the average expenditure per officer to be six hundred fifty dollars (\$650.00) per officer per day or one thousand three hundred dollars (\$1300.00) per day for two officers;

WHEREAS, based upon previous history, it would costs one thousand three hundred dollars (\$1300.00) per thousand attendees if a one law enforcement personnel per five hundred attendees is adopted;

WHEREAS, this did not cover the expenditures for the Sheriff and others who attended pre-Assembly and post-Assembly briefings, performed duties and other labor related to their duties in relation to the Assembly;

WHEREAS, the Pershing County Board of Commissioners find that to cover this portion of the law enforcement costs, the fee would have to be a minimum of one dollar ten cents (\$1.10) per person to cover the law enforcement personnel costs;

WHEREAS, this amount is less than the \$1.30 per attendee finding based upon the 2011 Assembly above;

WHEREAS, the Pershing County Board of Commissioners find that one dollar ten cents (\$1.10) per attendee per day to be fair and reasonable and to represent an accurate law enforcement cost recovery budget for any Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that such costs would not include the cost of prosecuting cases in the court systems or the other administrative costs associated with such an event;

WHEREAS, the Pershing County Board of Commissioners finds and reasonably anticipates that costs will be incurred by the Pershing County District Attorney's Office in reviewing the license application and in prosecuting cases that arise out of events which occur at an Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that the Pershing County District Attorney's Costs generally are one dollar (\$1.00) for every five (\$5.00) spent by the Pershing County Sheriff's Office;

WHEREAS, the Pershing County Board of Commissioners finds that the true costs, which include other time spent prior to any Assembly by the District Attorney and his/her staff and the costs of prosecution, would be difficult to estimate because: (1) The office is not set up for billing; (2) The cases arising from any Assembly could vary from very serious (with a high intensity of personnel required) to minimal (with a low intensity of personnel required); (3) The time spent reviewing agreements and attending pre-Assembly events could vary based upon the Assembly; (4) The time spent training officers could vary based upon the Assembly and the numbers involved; and (5) Other time and labor commitments which would be difficult to calculate in the abstract and could vary greatly;

WHEREAS, the Pershing County Board of Commissioners finds that

a cost of prosecution services would costs a minimum of two hundred dollars (\$200.00) per thousand people, which would be significantly less than what the potential costs which could be incurred;

WHEREAS, the Pershing County Board of Commissioners find that a twenty-cents (\$.020) per attendee per day prosecution budget to be fair and reasonable and to represent an accurate anticipated budget for any Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that costs will be incurred by the Lake Township Justice's Court and Sixth Judicial District Court in handling cases that arise out of events

WHEREAS, the Pershing County Board of Commissioners finds that the courts in Pershing County experience a costs which are generally one dollar for every five dollars (\$5.00) spent by the Pershing County Sheriff's Office;

WHEREAS, the Pershing County Board of Commissioners finds that any trials, especially jury trials, will cost the County thousands of dollars which cannot be accurately anticipated in advance of an Assembly;

WHEREAS it costs Pershing County at least twenty-five (\$25.00) dollars plus travel costs for witness in every criminal case;

WHEREAS, it costs Pershing County at least one hundred dollars (\$100.00) to process every Justice's Court case to final disposition;

WHEREAS, the Pershing County Board of Commissioners finds that a minimum of two hundred dollars (\$200.00) per thousand people is a reasonable anticipated costs for an Assembly and is significantly less than what

the potential costs which could be incurred;

WHEREAS, the Pershing County Board of Commissioners find that a twenty-cents (\$.020) per attendee per day court services budget to be fair and reasonable and to represent an accurate anticipated budget for any Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that in preparation for an Assembly, the Sheriff's Office, the Commissioners and the other County offices experience costs associated with Pre-Assembly and Post-Assembly meetings, preparations, and reviews;

WHEREAS, the Pershing County Board of Commissioners finds that following an Assembly, there may be additional needs for investigations by law enforcement into allegations of wrong-doing which may occur during an Assembly and which will create the need to employ additional law enforcement or use additional law enforcement resources for investigations;

WHEREAS, the analysis does not include costs for the Public Defender's Office, the Clerk/Treasurer's Office, the Recorder/Auditor's Office and other impacted offices which would be reimbursed for services rendered in conjunction with and as a result of any Assembly;

WHEREAS, the Pershing County Board of Commissioners finds that the County may have to pay for any costs which are incurred which are greater than the one dollar fifty cent (\$1.50) fee per attendee per day fee to be imposed as a license fee and that there is a great likelihood that the County will end up bearing some of those costs;

WHEREAS, the Pershing County Board of Commissioners find that the only reasonable way of calculating costs and ensuring payment of the costs of an Assembly to the County is through a per person charge which does not make the County dependent upon pursuing payment after an Assembly has occurred and does not require the County to pay for the costs in anticipation of being reimbursed for expenditures that are related to the Assembly, even though such a charge may not fully reimburse the County for all costs associated with having such an Assembly and providing services thereto;

WHEREAS, BRC and the ACLU have argued that the County cannot follow its festival ordinance with respect to activities on BLM managed public property;

WHEREAS, concurrent state regulation will be preempted only in certain circumstances, as where congress specifically manifests an intent to override state law, New York State Dept. of Social Services v. Dublino, 413 U.S. 405, 93 S.Ct. 2507, 37 L.Ed.2d 688 (1973); the federal legislation is so pervasive as to imply intent to occupy the entire field, Northern States Power Co. v. Minnesota, 447 F.2d 1143 (8th Cir. 1971), aff'd, 405 U.S. 1035, 92 S.Ct. 1307, 31 L.Ed.2d 576 (1972); if compliance with both the state and federal regulations would be impossible, Florida Lime & Avocado Growers, Inc. v. Paul, 373 U.S. 132, 83 S.Ct. 1210, 10 L.Ed.2d 248 (1963); or frustrate an important federal policy, Perez v. Campbell, 402 U.S. 637, 91 S.Ct. 1704, 29 L.Ed.2d 233 (1971);

WHEREAS, BLM currently requires Permittees such as BRC to comply with all state and local laws/statutes/ordinances;

WHEREAS, the United States Supreme Court, Jones v. Rath Packing Co., 430 U.S. 519, 525-26, 97 S.Ct. 1305, 1309-10, 51 L.Ed.2d 604 (1977), has held that “we start with the assumption that the historic police powers of the States were not to be superseded by the Federal Act unless that was the clear and manifest purpose of Congress;”

WHEREAS, the Pershing County Board of Commissioners find that the State still has jurisdiction to enforce its laws on public property controlled by the BLM unless those laws directly contradict Federal laws that were enacted pursuant to the property clause of the Constitution;

WHEREAS, the Pershing County Board of Commissioners find that there is no conflict in the instant case because the Festival Ordinance involves activities directly related to enforcement of non-conflicting state laws;

WHEREAS, the Pershing County Board of Commissioners, recognizing that its ordinance must co-exist and be subordinate to federal law under the Supremacy Clause of the United States Constitution, does hereby find that amendments need to be made to the Festival Ordinance to ensure that no conflicts exist and that there is harmony between the provisions of the Ordinance and federal law; and

WHEREAS, the Pershing County Board of Commissioners recognize that any license fee must be related to actual expenses and cannot be used for

other purposes, therefore, a separate line item needs to be created to ensure that the funds are appropriate used only for actual expenses related to an event.

NOW, THEREFORE, IT IS ORDAINED BY THE PERSHING COUNTY BOARD OF COUNTY COMMISSIONERS that the following changes and additions be made to Chapter 5.16 of the Pershing County Code.

(Ord. 208, 2004; Amended Ord. 288, February 2012)

5.16.080: LICENSE CONDITIONS:

At the hearing, the Board of County Commissioners may establish conditions which must be met prior to the issuance of any license under this chapter, except that the board may take a matter under submission before determining which conditions shall be imposed.

Where the board takes a matter under submission, written notice of any conditions imposed as prerequisite to the issuance of a license must be mailed to the applicant within fifteen (15) days of the original hearing. A written notice may be delayed beyond fifteen (15) days of the original hearing only if specifically agreed to by the applicant and the Pershing County Board of Commissioners in writing.

In any event, the Board of County Commissioners may impose such conditions pursuant to the county's general police power, as defined in sections 5.16.090 through 5.16.130 of this chapter, as are necessary for the protection of health, safety and property of local residents and persons attending an assembly in the county. Furthermore, the Board of County Commissioners shall require as a condition that the license be issued subject to the Applicant providing a plan to provide suitable communications at the event for law enforcement and attendees. (Ord. 208, 2004; Amended Ord. 288, February 2012)

5.16.090: POLICE PROTECTION:

Every Applicant is required to pay for police protection. The license fee set forth herein shall be used to pay for law enforcement personnel for an event as set forth herein and shall be used to defray or pay all costs associated with prosecution of cases arising out of the event. The minimum number of law enforcement personnel needed shall be set at one (1) law enforcement employee per five hundred (500) attendees. The qualifications of the law enforcement personnel will be determined by the Pershing County Sheriff. The Pershing County sheriff, in addition to direction and control of regular county law enforcement personnel, shall have direction and control of the law enforcement activities of those personnel authorized to assist with the provision of law enforcement at the Assembly licensed under this chapter.

In the event that the Assembly is held on federal public lands and the BLM provides federal law enforcement officers to police the event, the number of law enforcement personnel provided by Pershing County shall be reduced by the same number of BLM law enforcement officers. In no event shall the total number of Sheriff's Office personnel be reduced to a number less than one Sheriff's law enforcement employee per one thousand attendees. The license fee shall be reduced in accordance with the following formula: ((Number of Reduced Pershing County Law Enforcement Personnel) multiplied by six hundred fifty dollars (\$650.00) multiplied by (the number of days the event is held)). (Ord. 208, 2004; Amended Ord. 288, February 2012)

The board of county commissioners, in addition to other conditions, may require that the Applicant meet certain conditions with respect to water facilities, food concessions, sanitation facilities required, medical facilities, parking areas, access and parking control, illumination, and overnight camping facilities. At a minimum, the Applicant shall be required to meet state and federal guidelines with respect to each area of operation.

The following are areas of concern that shall be addressed by the Applicant in the plans of operation submitted to the county clerk:

A. Water Facilities:

1. The applicant shall provide plans showing how an ample supply of potable water for drinking and sanitation purposes on the premises of the festival will be provided. The plan must demonstrate that the location of water facilities on the premises comply with state and federal law and any applicable county ordinances.

2. The plan shall also show that the water provided for the event shall meet Nevada and U.S. public health service standards.

B. Food Concessions:

1. Where the proposed festival is to be held a substantial distance from public eating places, food handling places or like establishments, the applicant shall provide plans which shall demonstrate that food will be available at the premises for each day of operation to adequately feed the number of persons expected to be in attendance.

2. The plan shall also show that concessionaires will be licensed and operate under a valid health department permit pursuant to local ordinances and state laws.

C. Sanitation Facilities Required:

1. The applicant shall provide plans which shall provide sufficient sanitation facilities to comply with state health laws.

2. Where flush type water closets cannot be made available for the persons in attendance, the commissioners may allow the use of portable chemical toilets. The chemical toilets must conform to Nevada state standards and the plan shall provide for routine emptying and recharging, at the

Applicant's expense, of the chemical toilets as necessary pursuant to state standards.

3. The plan shall provide for sufficient and adequate garbage collection for the assembly, detailing the pickup and removal of refuse, trash, garbage and rubbish by a permitted refuse collector, with a copy of the contract for such services being attached. Removal of all trash and refuse shall be at the Applicant's expense.

D. Medical Facilities: The plan shall examine the following:

Necessary roads, driveways and entranceways shall exist to ensure orderly flow of traffic into the premises from a highway or road which is a part of the Pershing County highway system or which is a highway maintained by the state. A special accessway for fire equipment, ambulances and other emergency vehicles may be required. The head of the road department shall approve the Applicant's plan for ingress and egress before a license shall be issued.

2. Additionally, any applicant may be required to show the traffic guards are under his employ to ensure orderly traffic movements and relieve traffic congestion in the vicinity of the festival, assembly, event area.

5.16.105 PUBLIC LANDS:

In the event that an Applicant has also submitted an application to the Bureau of Land Management for a Special Recreation or Use Permit on public lands managed by the Bureau of Land Management (BLM) and the BLM has required and approved a Plan of Operations, to the extent that the plans duplicate requirements, the approval by the BLM of a Plan of Operation shall be accepted and shall not be grounds for denial of a License.

In addition to other conditions required by this chapter, any conditions that are made part of the Plan of Operations by the BLM shall be adopted by the Pershing County Board of Commissioners as being sufficient for the Plan of Operations set forth in this Chapter, provided that all the issues that need to be addressed in a Plan of Operations under this chapter are addressed. In the event that the BLM Plan of Operations does not cover all the services required under this Chapter, the Applicant shall prepare and file a Supplemental Plan of Operations to cover those aspects not covered in the BLM Plan. An Applicant may submit the final BLM approved plan of operations as part of the application to satisfy the requirements for a Plan of Operations herein.

5.16.110: BONDS; INSURANCE:

A. Any Applicant shall be called upon to post an indemnity bond and/or a performance bond in favor of the county in connection with the operation of a festival. Bonds required by this chapter must meet legal standards applicable to such bonds and guarantees must be submitted prior to the issuance of a License. All bonds and insurance discussed herein shall be paid by the Applicant at his/her/its own expense and independent of the license fee required by this Chapter. Unless the Applicant has obtained a

special use or recreation permit from the BLM and a similar bond is required by the BLM for the same purposes, in which case, the Applicant shall submit a copy of the paperwork for the bond approved by the BLM and the County will approve such bonding as being sufficient.

B. An applicant shall be required to submit a surety bond written by a corporate bonding company authorized to do business in the state in an amount determined by the board of county commissioners. The bond shall indemnify the county, its agents, officers, servants and employees and the county commissioners against loss, injury and damage to both person and property. If the Applicant has obtained a special use or recreation permit from the BLM and a similar bond is required by the BLM for the same purposes, in which case, the Applicant shall submit a copy of the paperwork for the bond approved by the BLM and the County will approve such bonding as being sufficient, provided that the County is named as an additional agency covered by the bond.

C. Additionally the county may demand that the applicant provide a corporate surety bond written by a corporate bonding company authorized to do business in the state, indemnifying the county and the owners of property adjoining the festival, assembly, or event site for any costs necessitated for cleaning up and/or removing debris, trash or other waste from, in and around the premises. The bond shall be in an amount determined by the board of commissioners. If the Applicant has obtained a special use or recreation permit from the BLM and a similar bond is required by the BLM for the same purposes, in which case, the Applicant shall submit a copy of the paperwork for the bond approved by the BLM and the County will approve such bonding as being sufficient.

D. The commissioners may waive a bond requirement if the Applicant can provide verifiable proof of insurance, naming the county as a primary insured under the insurance contract, with sufficient coverage to protect the county financially. If the Applicant has obtained a special use or recreation permit from the BLM and a similar insurance amount is required by the BLM for the same purposes, in which case, the Applicant shall submit a copy of the paperwork for the bond approved by the BLM and the County will approve such insurance as being sufficient, provided that the County is named as an additional insured.

E. In addition to the bond and insurance coverage discussed above, the Applicant shall either provide at its own expense for insurance or a bond that will cover any indigent medical care which may occur during the Assembly. In the event the County is able to procure indigent medical coverage for all indigents, the Applicant shall pay a proportionate share of the

insurance as required to cover the Assembly or obtain its own indigent medical insurance. (Ord. 208, 2004; Amended Ord. 288, February 2012)

Flammable vegetation and other fire hazards shall be removed in a manner and in the quantity determined by the fire chief. First aid fire extinguishment equipment shall be provided as directed by the fire chief.

C. In the event that the Assembly is scheduled to occur on public property managed by the BLM and the BLM has established any fire protection plans or required the Applicant to do so, the BLM requirements shall be accepted as appropriate by Pershing County and adopted as such unless: (1) There are problems which would inhibit, prohibit, or restrict the Pershing County fire, rescue, police, and other emergency services from providing services which the BLM/Federal Government does not provide; or (2) There are unfunded mandates placed on Pershing County which are created by the BLM Special Use/Recreation Permit. If there is a conflict, Pershing County will attempt to resolve the issue with the BLM and invite input on how to resolve the issue from the BLM in accordance with standard Memoranda of Understanding between Pershing County and the BLM.
